Retrospective

Actions to Stop Doing

1. N/A

Actions to Start Doing

1. Proactive task handling (if you are done with current task, feel free to explore helping other tasks)

Actions to Keep Doing

1. Staying active in the Discord and with team members during tasks
2. Communicating honestly with team during stand-up meetings
3. Continuous integration with codebase as we complete tasks

Work Completed:

- User Story 2.1:
 - As a user, I would like to add friends on the web application so that I can see what my friends are pinning, reviewing, and so that I can share my own activity and pin collection with them (Total: 15 Story points)
 - Option and UI for followed list and following/unfollowing users
 - Filters for pins on map (and option for reviews) from following vs. all users
 - Firebase integration for following users
 - Add visual list of users available to filter through search
 - Make distinction between mutual following
- User Story 2.2:
 - As a user, I would like to see my friends most recent pin they visited so that I can get a sneak peek into what they're up to and how hydrated they are throughout the day (Total: 5 Story points)
 - Implement sidebar UI and redirects
 - Display most recent pin next to user on following list

- Add timestamping for reviews
- User Story 2.3:
 - As a user, I would like to route myself from my current location to any pin that I choose so that I can find my way to specific water fountains easily through an in-app solution (Total: 1 Story points)
 - Google Routes API integration for routing geolocation pin to pin

Work Not Completed:

- All tasks for Sprint 2 have been completed
- Suggested by TA: Dynamic cursor for pin dropping
